| 9 | This season in an effort to get all sections observed then we are going to only run sections that are observed and this will work as we will describe here tonight, we hope this will be accepted as a fair solution by a vote tonight | Andy

| 10 | We also feel that it is fair to ask that; on the evening series and the Sunday series, a rider must enter 50% of the events to qualify for a trophy award ie 5 rides on the summer series and 2 rides on the evening series. Also to vote on tonight. | Alan L |
| 11 | We have decided at our last meeting to change the routes format on all trials by making the Clubman A route ie (Green route) into a 50/50 route. It will be composed of half the sections from the Clubman B ie (yellow route) and half from the Hard route. Which should reduce the confusion caused by so many flags in the section and help setting out and also give confidence to riders to try the hard route. | Various
